

THAI JOURNAL OF FORESTRY

Volume 13, January - June 1994

ISSN 0857 - 1724

Preliminary revision of Swietenioideae (Meliaceae) in Thailand	
..... Chen Ximu and Somneuk Pongumphai	1
Ecological studies of Leguminous tree species in dry dipterocarp forest I. Species composition, occurrence and abundance	
..... Pongsak Sahunalu	10
Growth of <i>Dipterocarpus alatus</i> Roxb. seedlings inoculated with ectomycorrhizal fungi	
..... Tanuwong Sangthian and Uthaiwan Sangwanit	22
Optimum rotation for <i>Eucalyptus camaldulensis</i> Dehnh. in Northeast Thailand	
..... V. Pohjonen and T. Pukkala	29
Charcoal briquette from River Red Gum	
..... Preecha Kiatgrajai, Bhisist Laohathai and Suntud Sangkul	38
Preliminary study on 4-year old <i>Hopea odorata</i> vegetative propagation	
..... Sunanta Kajornsrichon	50
Acidification of forest soil for <i>Dipterocarp</i> planting stock production	
..... Sunanta Kajornsrichon and Somyos Kijkar	55
Effect of container types and potting media on the initial growth of <i>Pterocarpus macrocarpus</i> seedlings	
..... Sunanta Kajornsrichon	62
The forest growth cycle in various forest types	
..... Pricha Dhanmanonda	68
